- Please start a new page to answer each grant application question.
- Use as much space as needed to reply to the questions, but try to be concise.
- Be sure to submit a **complete** budget worksheet.
- Be sure to include the mid-year and end of year report deadlines on the Timeline.
- Remember your grant must be anonymous (see Grants for Excellence Information Sheet).
- Use the format of the questions asked to submit your proposal. Use the numbered questions as headings to organize your proposal, with the question number listed.

***A copy of this page goes on top of each of your six copies.***

1. **Project Abstract:** Describe your project proposal and goals.

2. **Project Alignment (Need):** What area(s) of the Escambia County District Improvement Plan does your project support: (Select from Goal Q.1 Increase Rigor at all levels (Q.1.1-Q.1.5) and/or Goal Q.2.1- Decrease the number of students absent 21 or more days per school year. How will this project enhance student performance in these areas? ***Please be specific.***

**3. Project description and explanation:** What will you do and how will the equipment/materials/activities requested address student needs and further the district's goals? Must use supporting evidence of its effectiveness.

- 4. Project Objectives:** Describe how this project will enhance student performance in STEM or Literacy and/or decrease the number of students absent 21 or more days per school year. Be sure to include the estimated number of Primary Participants (both students and teachers) and the estimated number of Secondary Participants, if any, (both students and teachers).

**5. Outcome Measures:** How will you evaluate the impact of your grant project? For EACH district goal area your project addresses, describe the following:

**a)** What data sources and/or data collection strategies will you use to measure outcomes?

**b)** What is the baseline number(s) that you are trying to improve with your project activities?

**6. Budget:** Please complete the budget form attached. This is an excel form which will do the math for you. *The link for this form may be found on the Escambia County Public Schools Foundation website*
